RESEARCH NOTE

Top 5 Research Notes of 2023

You voted with your clicks...

Dairy nutrition consultants who subscribe to **FeedInsight 4U** identified our five most popular Research Notes of 2023.

Exclusive interviews with leading university researchers produced these highlights of recent dairy nutrition research, providing quick-read insights for dairy diet design for producers in Ohio, Michigan, Indiana, and beyond.

Dr. Kevin Harvatine
Penn State

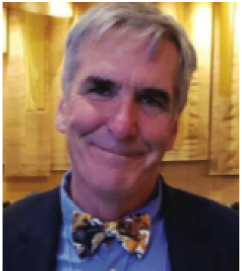

Dr. Barry Bradford
Michigan State

Dr. James Drackley
University of Illinois

Dr. Mike Van Amburgh
Cornell University

Dr. Bill Weiss
Ohio State
